

POSTER PRESENTATIONS
Friday, October 8, 2010 - 5:30 pm – 7:30 pm

Poster #	Title	Presenter
PO-01	Identifying Variables Associated With Chronic Pain: A Case Report	Kathy Berglund
PO-02	Atypical Posterior Pelvic Girdle Pain Presentation In A Young Adult	Liz Bottrell
PO-03	Manual Physical Therapy And Deep Cervical Flexor Training For A Patient With Scleroderma: A Case Report	John Boulukos
PO-04	Identification Of An Undiagnosed Traumatic Intracranial Aneurysm In An Individual Referred For Cervical Radiculopathy	Matthew Butler
PO-05	Immediate Changes In Quantitative Sensory Testing Following Lumbar Manipulation	Jeffrey Clark
PO-06	Long Term Follow-Up Of A Patient With Multilevel Cervical Spine Fusions	Alycia Markowski
PO-07	Novice Evidence Based Clinical Decision Making: Selecting Manual Therapy Techniques For Hip Osteoarthritis	Bryce Crenshaw
PO-08	Physical Therapy Management Of A Patient Status Post Anterior Glenohumeral Joint Dislocation With Labral Pathology And Hill Sachs Lesion	Matthew Daugherty
PO-09	Directional Preference Following Epidural Steroid Injection In A Patient With Acute C7 Radiculopathy	Mehul Desai
PO-10	Management Of Knee Pain In Adolescent With Spinal Manipulation And Exercise	Brian Duncan
PO-11	Evidence Based Rationale For Diagnosis And Treatment Of Meniscal Knee Pathology: A Case Report	Joseph Elliott
PO-12	Altered Somatosensation And Complaints Of Knee Instability In Subjects With Severe Knee Osteoarthritis	Alicia Emerson-Kavchak
PO-13	Introducing Ideomotor Therapy: A Case Report Describing Clinical Application And Outcomes For A Patient With Chronic Myofascial Low Back Pain	Mark Erickson
PO-14	Treatment Of Patients With Low Back Pain Presenting With A Directional Preference For Lateral Glides With An Unloaded Active Exercise Approach	Timothy Fearon
PO-15	Thrust Manipulation For A Female Patient Diagnosed With T4 Syndrome: A Case Report	Elliott Feldman
PO-16	Spinal Manipulation Changes Hoffman Reflex Latency In A Patient With Low Back Pain And Radicular Symptoms	Scott Gallant
PO-17	An Impairment Based Manual Physical Therapy Approach In The Treatment Of Chronic Ankle Instability: A Case Report	Chad Garvey
PO-18	Short Term Affects Of Pain Neurophysiology Education And A Multi-Modal Graded Exercise Program For A Patient With Chronic Low Back Pain And Prior Lumbar Fusion	Craig Goldberg
PO-19	Twenty Year History Of Misdiagnosed Myofascial Trigger Points	Amanda Grant-Roys
PO-20	Effectiveness Of Lumbar Manipulation In Patients With Low Back Pain Meeting A Clinical Prediction Rule: An Evidence-Based Review	Jonathan Ide-Don

PO-21	Understanding Response To Medication: Discussion Of A Case Involving An Adolescent With Severe Elbow Myalgia And Weakness After Taking Isotretinoin	Laura Johnson
PO-22	Immediate Improvement Of Shoulder Mobility After Myofascial Trigger Point Dry Needling For A Patient With Status Post Humeral Fracture	Francis Jung
PO-23	Regional Interdependence And Multimodel Impairments Based Approach For A Patient With Temporomandibular Joint Dysfunction	Francis Jung
PO-24	The Effects Of Seated Thoracic Distraction As Compared To Specifically Targeted Thoracic Thrusts On Cervical Pain And Range Of Motion: A Case Series	Steven Karas
PO-25	Management Of Complex Regional Pain Syndrome II In A Post Surgical Tibial Plateau Fracture Patient	Annette Karim
PO-26	Sacroiliac Joint Dysfunction In A Male Professional Contemporary Dancer With Low Back Pain	Annette Karim
PO-27	Medical Diagnosis Of Cubital Tunnel Syndrome Ameliorated With Thrust Manipulation Of The Elbow And Carpals	Gary Kearns
PO-28	The Use Of Cervical Manipulation And Neuromuscular Reeducation To Decrease Symptoms Of Cervicogenic Dizziness: A Case Study	Rajesh Khemraj
PO-29	Regional Interdependence: Cost Containment And The Importance Of Clinical Examination Of The Cervical Spine In Painful Shoulder Conditions	Eric Kopp
PO-30	Treatment Of Mechanical Neck Pain Utilizing Manual Therapy With Deep Cervical Flexor Endurance And Proprioceptive Exercises: A Case Report	Nicholas Larosa
PO-31	Impairment Based Treatment Of Neck Pain With Trunk Strengthening Following Inefficacious Manual Therapy Intervention	Matthew Lee
PO-32	Hip-Ankle Connection: Talocrural Impairment Resulting In Persistent Pain With Femoroacetabular Impingement: A Case Report	Kevin Lulofs-Macpherson
PO-33	Management Of A Patient With Chronic Ankle Instability Utilizing Mobilization With Movement Combined With Neuromuscular Re-Education And Patient Self Taping In Return To Athletic Activity	Kelly Luzenski
PO-34	Cancer As A Cause Of Low Back Pain In An Individual Referred To Physical Therapy	Lance Mabry
PO-35	Return To Competition Of A College Hurdler After Resolution Of Long Term Hip Impairments Post Labral Repair Using Hip Mobilization/Manipulation And Posterior Hip Eccentric Retraining.	Cameron MacDonald
PO-36	The Effects Of Whole Body Vibration On Adults With Low Back Pain: A Pilot Study	Adrienne McAuley
PO-37	Graded Motor Imagery And Exercise In An Adolescent Female With Chronic Low Back Pain: A Case Report	Stephenie Means
PO-38	Orthopedic Manual Physical Therapy Management Of An Individual With Unusual Facial Pain Following Oro-Facial Surgery	Wesley Miller

PO-39	Accelerated Recovery In A Patient Meeting The Extension Based Treatment Classification Through The Addition Of Thrust Manipulation: A Case Report	Heidi Ojha
PO-40	Multimodal Treatment Approach In A Patient With Chronic Lateral Elbow Pain	Raine Osborne
PO-41	3-Step Treadmill Test And McKenzie Mechanical Diagnosis And Therapy To Establish Directional Preference In A Patient With Lumbar Spinal Stenosis: A Case Report	Girish Padmanabhan
PO-42	Differential Diagnosis And Treatment Of A Hypomobile Cuboid In A 24 Year-Old Female Tri Athlete	Catherine Patla
PO-43	Asymmetry In Lateral Abdominal Muscle Thickness In The Presence Of A Thoracic Disc Herniation	Christina Pulliam
PO-44	Multiplanar Alar Ligament Testing: Putting The Anatomical Assumptions To The Test	Olivia Rawson
PO-45	Effects Of Lower Cervical And Upper Thoracic Mobilization On Shoulder Range Of Motion Limited By Shoulder Impingement Syndrome: A Case Series	Brandie Redman
PO-46	Treatment Of Cervical Spine For Shoulder Weakness And Pain: A Case Report	Megumi Sawanoi
PO-47	The Effects Of Repeated Neck Retraction On Upper Limb Tension Testing Outcomes In Asymptomatic College Students	Ron Schenk
PO-48	The Use Of A Multi-Philosophy Approach To The Management Of A Patient Presenting With An Acute Lateral Shift	Timothy Shreve
PO-49	Differential Diagnosis Of Shoulder And Cervical Pain: A Case Report	Emily Slaven
PO-50	Use Of A Clinical Prediction Rule For Low Back Pain By Outpatient Physical Therapists	Cheryl Sparks
PO-51	Using Pain Pressure Algometry To Document Progress In A Client With Complex Regional Pain Syndrome	Nancy Tow
PO-52	Automated Manipulative Device Alleviates Symptoms Of Carpal Tunnel Syndrome	Christian Walker
PO-53	Clinical Decision Making In The Application Of High Velocity, Low Amplitude Thrust Manipulation Of The Cervical Spine: A Review Of The Literature	Christopher Wise
PO-54	Joint Mobilization Of A Patient Who Did Not Tolerate Eccentric Calf Muscle Training Initially For Chronic Achilles Tendinosis	Michael Wong
PO-55	Effect Of Knee Varus Mobilization Applied To A Patient With Imaging Evidence Of Degenerative Medial Meniscus Tear	Emmanuel Yung
PO-56	Mobilization Techniques Applied To The Painful Midfoot At The Joint Between The Second Cuneiform And Base Of Second Metatarsal	Emmanuel Yung
PO-57	Review Of Literature On Thrust Manipulation In Relation To Function, Range Of Motion, And Pain In Patients With Mechanical Neck Pain	Arjen Holdinga
